TAYLOR'S UNIVERSITY STUDENT EXCHANGE PROGRAMME

Taylor's University Student Exchange Programme is a vital component to enhance the student's international perspective and provide an opportunity for students to benefit from international ideas, viewpoints and knowledge. Essentially, Taylor's University is committed to preparing our students for a future in which they will be global citizens.

Fundamentally, the international exposure will allow students to gain new knowledge and skills in an area that is of interest to them thus benefiting from a multi-disciplinary learning environment and give their Taylor's degree an international edge.

By joining the Taylor's University Student Exchange Programme, students will get a once in a lifetime opportunity to go abroad for one semester without having to pay any tuition fee to the host institution. The semester exchange programme will take place from Year 2 onwards and varies from faculty-to-faculty. Students are encouraged to enquire early so that advanced preparation can be made.
