## LOGIN PROCESS

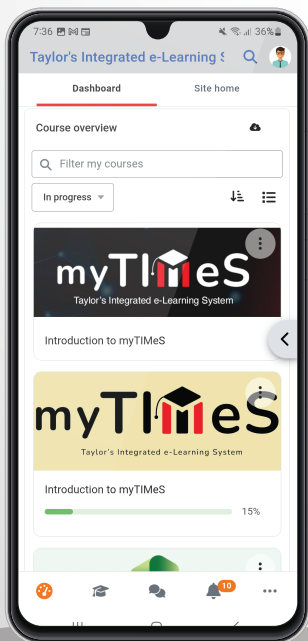

1. Click on Taylor's Microsoft Account

2. Enter your Taylor's Student email and click Next

3. Enter your password and click Sign in

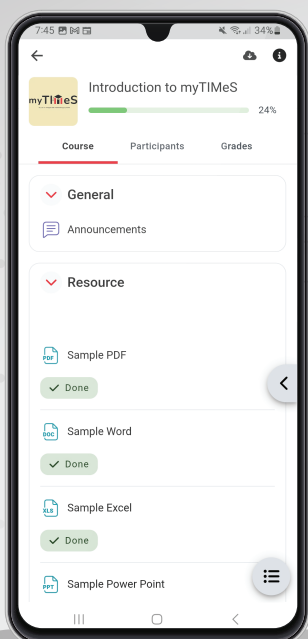

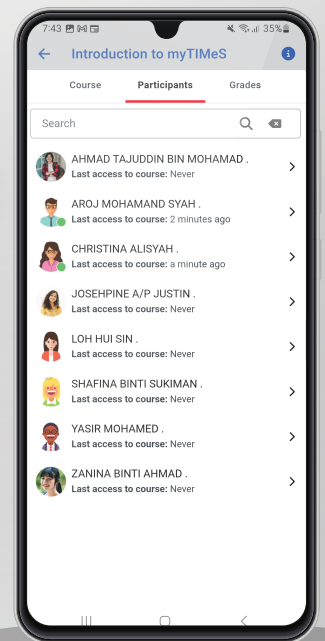

## SEE YOUR MODULES AT A GLANCE

Your modules are listed with easy access to contents, participants, grades and notes. A useful filter field lets you find a particular course quickly.

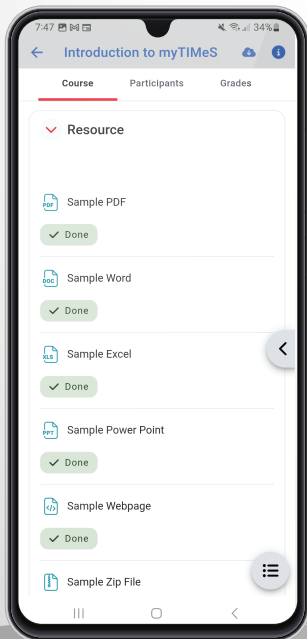

## CONNECT WITH COURSE PARTICIPANTS

Infinite scrolling improves access to the participant view, with the complete user profile now displayed and available from every page.

## PULL TO REFRESH

Most screens will allow you to pull to refresh, improving the real-time participation experience.

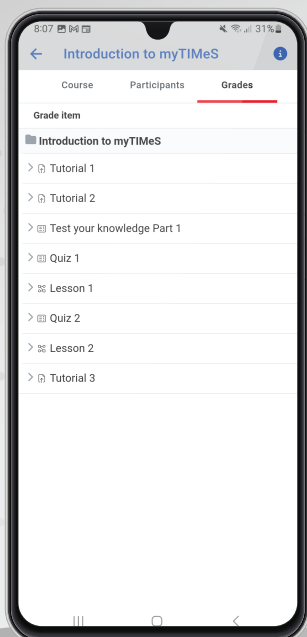

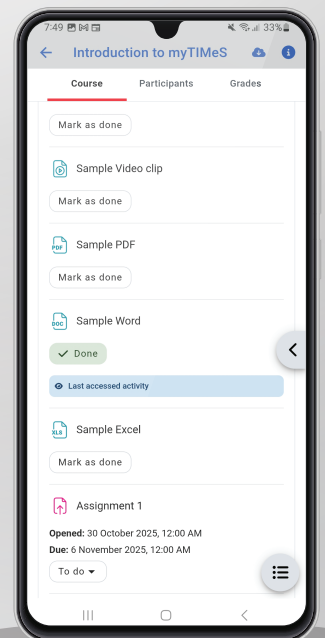

## EASILY ACCESS MODULE CONTENT

View activities in the module and download materials for offline use. Work through Books and IMS Content packages directly in the app. The downloading status of resources is preserved even when changing sections or pages.

## ACTIVITY COMPLETION

Track progress from your device with Activity completion. Automatic completion is registered, and students can also manually mark a task complete on their mobile.

## GRADES AND GRADING

A Grade link for each module gives you fingertip access to the gradebook.

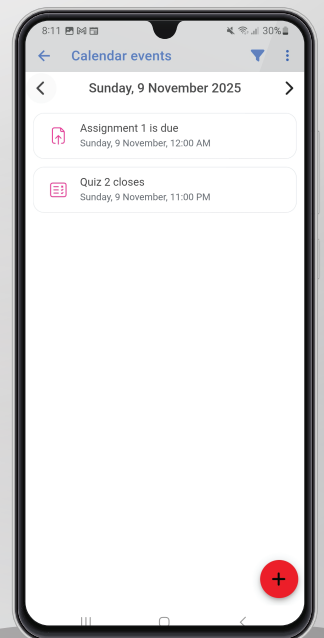

## MESSAGE PARTICIPANTS

Send and view private messages to your lecturers and friends from the Messages link in the side tab.

## CALENDAR EVENTS

Site, course and user events can be viewed in the calendar. Calendar events can now be viewed offline and infinite scrolling is available.

## NOTIFICATIONS

Keep up to date with notifications. The app supports most of the activities on the module sites such as calendar events, messages. Forum posts and submitted assignment.
